Aurora Area Service Providers:

Due to budget cuts Communities In Schools will not be participating in the Funders' Consortium. It has been a privilege being able to provide funding to organizations and programs in Aurora public schools.

While we will not be part of Funders' Consortium, we will continue working with all of our school partners through the CIS Daytime Services program, The City Wide After School Program, the 21<sup>st</sup> Century Community Learning Centers, the Back To School Fair and other collaborative community initiatives. We will also soon begin work on developing a community wide assessment and data base project that will provide much needed data for organizations working in the Aurora area.

Thank you for the opportunity to serve you in the past and we look forward to working with you in the future.

Sincerely,

**Theresa Shoemaker**  
Executive Director
